

Social Security Administration

§404.1412

(see subpart K of this part), for purposes of:

(a) Determining an individual's insured status for monthly benefits or the lump-sum death payment (see subpart B of this part);

(b) Computing such individual's primary insurance amount (see subpart C of this part);

(c) Determining an individual's entitlement to the establishment of a period of disability (see subpart B of this part for disability insured status requirements); and

(d) Applying the deduction provisions of section 203 of the act (see subpart E of this part).

[25 FR 5183, June 10, 1960]

§404.1410 Presumption on basis of certified compensation record.

(a) *Years prior to 1975.* Where the Railroad Retirement Board certifies to SSA a report of record of compensation, such compensation is treated as wages under §404.1408. For periods of service which do not identify the months or quarters in which such compensation was paid, the sum of the compensation quarters of coverage (see §404.1412) will be presumed, in the absence of evidence to the contrary, to represent an equivalent number of quarters of coverage (see §404.101). No more than four quarters of coverage shall be credited to an individual in a single calendar year.

(b) *Years after 1974.* Compensation paid in a calendar year will, in the absence of evidence to the contrary, be presumed to have been paid in equal proportions with respect to all months in the year in which the employee will have been in railroad service. (For years prior to 1975, see §404.1412.)

(c) *Allocation of compensation to months of service.* If by means of the presumptions in this section an individual does not have an insured status (see subpart B of this part) on the basis of quarters of coverage with which he is credited, or a deceased individual's primary insurance amount (see §404.201) may be affected because he attained age 22 after 1936, the Administration may request the Railroad Retirement Board to furnish a report of the months in which such individual rendered service for compensation which is treated as wages under

§404.1408 if it appears the identification of such months may result in an insured status or if it will affect such primary insurance amount.

(d) *Effect of self-employment income and maximum earnings.* However, if such individual also had self-employment income for a taxable year and the sum of such income and wages (including compensation which is treated as wages under §404.1408) paid to or received by him during such taxable year equals the following amounts, each calendar quarter any part of which falls in such taxable year, shall be a quarter of coverage:

(1) After 1950 and prior to 1955, equals \$3,600 of remuneration;

(2) After 1954 and prior to 1959, equals \$4,200 of remuneration;

(3) After 1958 and prior to 1966, equals \$4,800 of remuneration;

(4) After 1965 and prior to 1968, equals \$6,600 of remuneration;

(5) After 1967 and beginning prior to 1972, equals \$7,800 of remuneration (including a fiscal year which began in 1971 and ended in 1972);

(6) Beginning after 1971 and prior to 1973, equals \$9,000 of remuneration;

(7) Beginning after 1972 and prior to 1974, equals \$10,800 of remuneration;

(8) Beginning after 1973 and prior to 1975, equals \$13,200 of remuneration;

(9) Beginning after 1974 and prior to 1976, equals \$14,100 of remuneration;

(10) Beginning after 1975 and prior to 1977, equals \$15,300 of remuneration; or

(11) Beginning after 1976, and amount equal to the contribution and benefit base as determined under section 230 of the Social Security Act which is effective for such calendar year.

This subsection is an exception to the rule in paragraph (a) of this section concerning a presumption applicable to conversion of railroad compensation into quarters of coverage for years prior to 1975.

§404.1412 Compensation quarters of coverage.

As used in this subpart, a compensation quarter of coverage is any quarter of coverage computed with respect to compensation paid to an individual for railroad employment after 1936 and

§ 404.1413

prior to 1975 in accordance with the provisions for determining such quarters of coverage as contained in section 5(l)(4) of the Railroad Retirement Act of 1937. (For years beginning 1975, see § 404.1410(b)).

[42 FR 18274, Apr. 6, 1977]

§ 404.1413 When will we certify payment to the Railroad Retirement Board (RRB)?

(a) *When we will certify payment to RRB.* If we find that you are entitled to any payment under title II of the Social Security Act, we will certify payment to the Railroad Retirement Board if you meet any of the following requirements:

(b) *What information does certification include?* The certification we make to the Railroad Retirement Board for individuals entitled to any payment(s) under title II will include your name, address, payment amount(s), and the date the payment(s) should begin.

(c) *Applicability limitations.* The applicability limitations in paragraphs (a)(1) through (4) of this section affect claimants who first become entitled to benefits under title II of the Social Security Act after 1974. (See also § 404.1810.)

GENERAL

§ 404.1501 Scope of subpart.

In order for you to become entitled to any benefits based upon disability or blindness or to have a period of disability established, you must be disabled or blind as defined in title II of the Social Security Act. This subpart explains how we determine whether you are disabled or blind. We discuss a *period of disability* in subpart D of this part. We have organized the rules in the following way.

(a) We define general terms, then discuss who makes our disability determinations and state that disability determinations made under other programs are not binding on our determinations.

(b) We explain the term *disability* and note some of the major factors that are considered in determining whether you are disabled in §§ 404.1505 through 404.1510.

(c) Sections 404.1512 through 404.1518 contain our rules on evidence. We explain your responsibilities for submitting evidence of your impairment, state what we consider to be acceptable sources of medical evidence, and describe what information should be included in medical reports.

(d) Our general rules on evaluating disability if you are filing a new application are stated in §§ 404.1520 through 404.1523. We describe the steps that we go through and the order in which they are considered.

(e) Our rules on medical considerations are found in §§ 404.1525 through 404.1530. We explain in these rules—

(1) The purpose of the Listing of Impairments found in appendix 1 of this subpart and how to use it;
